Hello, Jacob,

I hope that you are doing well. After we talked in the spring, I added your contact information to my list for Portland Harbor and other Oregon messages. However, if you are not on the EPA email list for the Portland Harbor site, it might work best if you added yourself. This link takes you to the EPA Portland Harbor webpage, which includes a box in the upper right corner for adding yourself to the mailing list:

<http://yosemite.epa.gov/R10/CLEANUP.NSF/PH/Portland+Harbor+Superfund+Site+Community+Resources>

Please let me know if your office needs information about any EPA activities in the Pacific Northwest.

With my regards,
